On Friday week the 15th inst., the seat of the national government in Washington will have been occupied one hundred years, and a grand celebration is being planned for the occasion.

The credentials of J. C. S. Blackburn as a senator from Kentucky, beginning March 1, 1901, were presented to the senate one day last week, and were read and filed without comment.

GOVERNOR BECKHAM, on Wednesday, May 29th, appointed Dr. L. H. Mulligan first assistant physician of the Eastern Kentucky Asylum for the insane.

THE society of Boxers, of China, millions strong, are gaining the upper hand. They have defeated the government forces, and with an increasing army are looting, destroying property and killing the foreigners in the interior. The army is marching on Peking, and the gravest concern is felt for the safety of foreigners. The missionaries in the interior are fleeing from their stations and are taking refuge in Peking. The situation was represented by our minister as being so critical that Admiral Kempff, with 100 marines, was despatched with all haste to Peking to guard the American legation. Japan, Russia, France and Germany are all hurrying troops to Peking to protect their missionaries. Already quite a number of Methodist ministers have been murdered by the outlaws of China.

### EDITORIAL BRIEFS.

Give the census taker a soft answer. He has a hard enough job anyway.

Possibly Dewey and Roosevelt may both change their minds about vice presidency.

Now there is a man who is advertising for the recipe for prune pies "such as mother used to make." Prune pies: Horrors!

Who would have thought it? Now the Americans in Cuba are talking of the "pauper wages" paid in the postoffices of the United States.

The republicans are having an undue amount of trouble over the selection of a candidate for the vice presidency. Why? Any old sort of man will do when the best can only be defeated.

The postal employees at Havana object to having their salaries reduced, and threaten to come home. Do so by all means, gentlemen carpet baggers. There are plenty of natives down there to take your places.

It is to be hoped that President Kruger has not postponed his preparations to defend the Transvaal in anticipation of a favorable report from the envoys as to President McKinley's attitude towards the war.

Is there any other man in the country, who by stopping his speaking tour for two months could attract one-fourth of the attention that Mr. Bryan has done? The whole country is echoing with his silence.

Booker Washington, the negro educator, says that his race has far better chances, for everything except society and politics, in the south than it has in the north. Booker knows a truth when he sees one.

The republican ways and means committee of the house of representatives, has secured permission to sit during recess to consider the repeal of the war taxes. This is an easy way of getting a visit to the seashore with all expenses paid by the government.

The republican navy personnel law has enabled the engineer officers of the navy to desert their proper stations, and has resulted in the ruin of the machinery of a number of our best ships. The law should be repealed and the engineer officers forced to do their proper duty or get out of the service.

Undeterred by the fate of his political appointees in Cuba, the president has chosen a ward politician for U. S. district judge at Buffalo, N. Y., despite the protests of the people of that part of the country. The man was chosen to pay a political debt of Senator Platt, and his friends say that he will soon become a good judge now that he can have time to study and not be compelled to devote himself to politics.

### MOTTO.

BY DICKSON.  
"Good will toward men,  
Do all the good you can,  
To all the people you can,  
In all the ways you can,  
As long as ever you can."  
Do you ever think, as the hearse drive by,  
That it won't be long until you and I  
Go riding out in this big plumed hack,  
And never remember of coming back?  
Did you ever think, as you strive for gold,  
That a dead man's hand a dollar can't hold?  
You may pinch and tug, you may thrive  
and save.  
But you loose it all, when you reach the  
grave.

T. J. Powers, of near Ezel, is in town this week. He has been attending the S. P. L. C. I. at Jackson.

### WAR TO THE DEATH PESTS OF THE POULTRY YARD MUST GO!

American Lice Destroyer Kills More  
Mites, Lice and Other Vermin in a  
Day Than All Other Remedies  
Combined.

The war is on! The days of lice and vermin that have done so much to make the life of the poultryman miserable, and his business unprofitable are over. American Lice Destroyer is the proper ammunition to use! This preparation is wonderful in its power, and vermin cannot exist twenty-four hours after it is applied to the coop or fowls. Every poultryman needs it. It is cheap, reliable and effective, one package being sufficient to protect 250 fowls from mites and lice for one year. When this Destroyer is used, profits at once increase. Lice and vermin do more to kill profits than all other causes combined. You know it. Don't go on losing money every week, but try American Lice Destroyer. You may have tried other things without success, but if this fails you can have your money back. We are in this fight to stay, and will back Destroyer against any number of mites of lice you may have. Don't fool away money with "recipes" or home-made makeshifts. Use scientific means. The American Lice Destroyer has been used by thousands of poultrymen; it has been on the market several years and has been tested thousands of times. We know it is all right, and if it doesn't do the work remember you get your money back. What more can you ask? If your druggist don't sell American Lice Destroyer, he's behind the age. In that case send for \$1.00 box at once. Made only by American Mfg. Co., Terre Haute, Ind.

### OUR GLORIOUS COUNTRY.

Have you watched its marvelous growth? If not, The Weekly Enquirer wants to study the strides it has made. The first census of the United States was taken in 1790. Since then every succeeding ten years. The result has been as follows:

Year.	Population.	Year.	Population.
1810.....	7,239,881	1860.....	31,443,321
1820.....	9,633,822	1870.....	38,558,371

1840.....	17,069,453	1890.....	62,622,250
1850.....	23,191,876		

Here you have the figures of a basis of calculation. The problem now is: What will be the population of the United States, excluding recent acquisitions. The result is usually announced in July of the census year.

THE WEEKLY ENQUIRER is anxious to engage all in a study of their country. To this end it will distribute cash amounting to \$25,000, for solutions received of the population of the United States Census, as follows:

To the first nearest correct guess received.	\$3,000.00
To the second.....	1,500.00
To the third.....	750.00
To the fourth.....	500.00
To the fifth.....	250.00
To the sixth.....	200.00
To the seventh.....	150.00
To the next 10, each \$100, amounting to.	1,000.00
To the next 50, each \$50, amounting to.	2,500.00
To the next 100, each \$25, amounting to.	2,500.00
To the next 500, each \$10, amounting to.	5,000.00
To the next 1,530, each \$5, amounting to.	7,650.00

2197 cash presents amounting to \$25,000.00

In case of a tie, money equally divided.

Every guess on the above proposition must be accompanied by a year's subscription to the WEEKLY ENQUIRER.

You can guess as often as you care to inclose subscription price to the WEEKLY ENQUIRER.

This contest will close a month before the result of the census will be known and officially certified by the Director of the United States Census at Washington, D. C.

Subscription price for the WEEKLY ENQUIRER (including guess) is only \$1.00 a year. Eleven copies and eleven guesses for \$10.00. For full particulars see WEEKLY ENQUIRER.
